

Annual Report

April 2021 - March 2022

United Way of Taylor County

Our Mission:

To be a local, volunteer-driven organization to unite people and resources to build a stronger, healthier community.

Our Vision:

Building Blocks for a good quality of life - Focus on Education, health and financial stability.

Giving Back

The United Way of Taylor County raises much needed dollars for charitable organizations in our community that focus on improving life for people in three areas: financial stability, education and health.

Care packages to Black River Industries - a non-profit that provides people with disabilities, opportunities to achieve their highest level of independence.

Meals in a Backpack campaign to provide food to students and families experiencing hardship.

Volunteer

Our volunteer board of directors works with our local schools and other volunteers to help raise funds, support programs, and ignite a spirit of giving in our community.

Care packages for Stepping Stone - a domestic violence shelter in Taylor County. Along with hygiene necessities, local students wrote words of inspiration for the women seeking refuge.

Advocate

Through the United Way's local and national work, we advocate for those in the community that need us. From youth literacy programs to those battling poverty or domestic abuse, we exist for them.

Supporting Local

\$79,150
in donations to local
non-profit organizations.
